REDUCE, REUSE, RECYCLE ...make it second nature!

Bueckers City Sanitation is going to a commingled recycling system.

Why Commingle Recycling? Research has shown that there is an increase in recycling participation if sorting is not required. Commingling recycling is also more efficient because collection trucks can hold a larger load. Materials will be sorted at a central location.

Please rinse all containers and remove all lids. Any plastic with the recycling logo & a number in it is recyclable. Plastic grocery bags, plastic toys, or rubber products ARE NOT recyclable.

Flattened Cardboard
(Carton aplanado)

Newspaper
(Periodicos)

Magazines
(Revistas)
